

A38 Package of work scheme

e-bulletin – w/c 18 May 2020

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016/Station Road) 3-way traffic lights in operation to allow us to work on our repairs to the bridge.
- A38 northbound exit slip to Toyota Island (for A50) reduced to single lane 24/7

This coming week will see us work within our existing traffic management on the Barton Turn structure and the A38 northbound exit slip road at Toyota Island. The following week will see us focus on Swinfen roundabout just south of Lichfield.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. For up to date details of closures on our network please check the [Roadworks finder](#). We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@highwaysengland.co.uk
