

A38 Package of work scheme

e-bulletin – w/c 31st August 2020

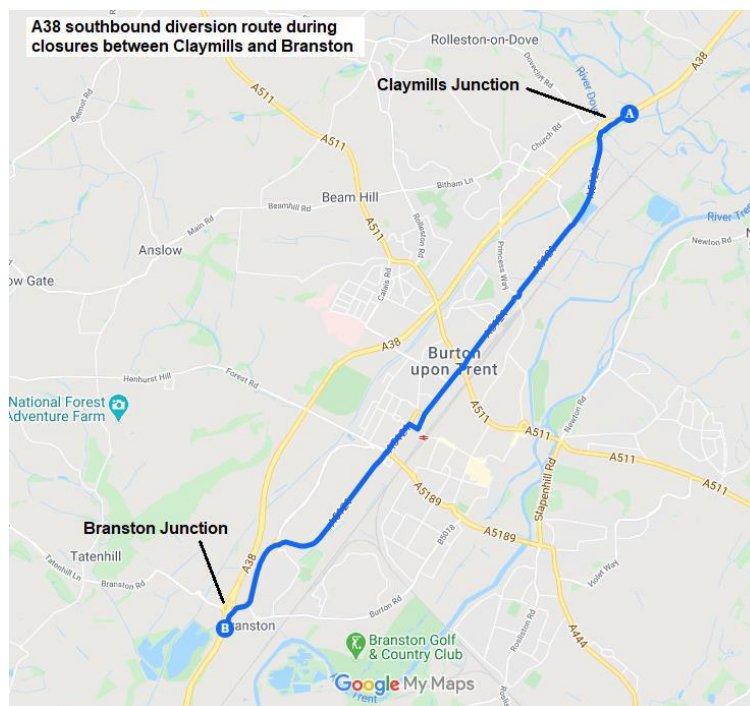

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

We're continuing our drainage improvements along the A38 between Claymills junction and Branston junction until the end of the month.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016/Station Road) 3-way traffic lights in operation to allow us to work on our repairs to the bridge.
- A38 northbound exit slip road to A50 reduced to one lane.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. For up to date details of closures on our network please check the Roadworks finder. We also have a twitter feed you can follow here for roadworks notifications. For further information about our work, please contact: info@highwaysengland.co.uk
