

A38 Package of work scheme

e-bulletin – w/c 3 august 2020

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

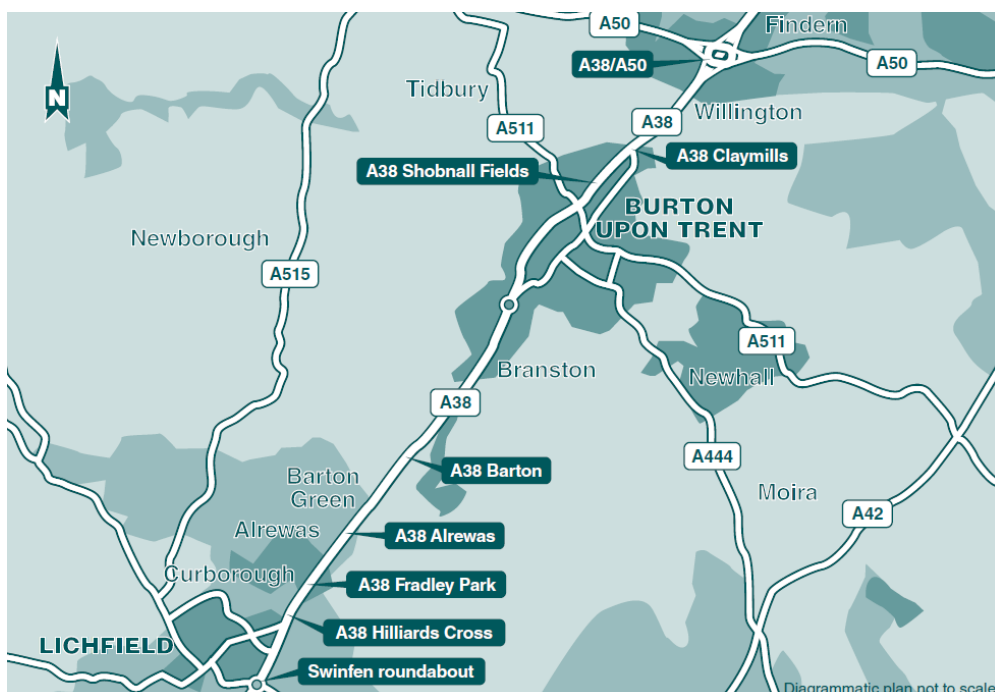

We are always looking for your feedback and have launched a website which allows you to have your say regarding our work and how we are communicating with you. Please follow the link [here](#).

This week we'll switch our drainage work to southbound closures of the A38 between Claymills junction and Branston junction. We're also going to start some work on the land slide issues on the northbound exit slip at Toyota Island (A50). To complete our work there we'll need a night closure to reduce the slip road to a single lane 24/7 from 3 August until the work is complete.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016/Station Road) 3-way traffic lights in operation to allow us to work on our repairs to the bridge.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. For up to date details of closures on our network please check the [Roadworks finder](#). We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@highwaysengland.co.uk

Week commencing 3 August 2020 Traffic Management

We issue these bulletins weekly, if you wish to be added to the distribution list
please email: noreplyA38WMids@highwaysengland.co.uk
