

A38 Package of work scheme

e-bulletin – w/c 21 September 2020

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

Thank you to everyone who left feedback via our commonplace website. It was good to be able to capture your opinions and try to improve how we complete our work both in this and future projects.

We have no planned closures in place for the A38 in the next 2 weeks. We will continue our work on the bridge repairs at Barton Turn and on the Toyota island northbound exit slip road within the existing traffic management. We do however have a full weekend closure of the B5016 over the Barton turn bridge at the start of October.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016/Station Road) 3-way traffic lights in operation to allow us to work on our repairs to the bridge.
- A38 northbound exit slip road to A50 reduced to one lane.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. For up to date details of closures on our network please check the [Roadworks finder](#). We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@highwaysengland.co.uk

Week commencing 21 September 2020 Traffic Management

We issue these bulletins weekly, if you wish to be added to the distribution list
