

# A38 Package of work scheme

## e-bulletin – w/c 28 September 2020

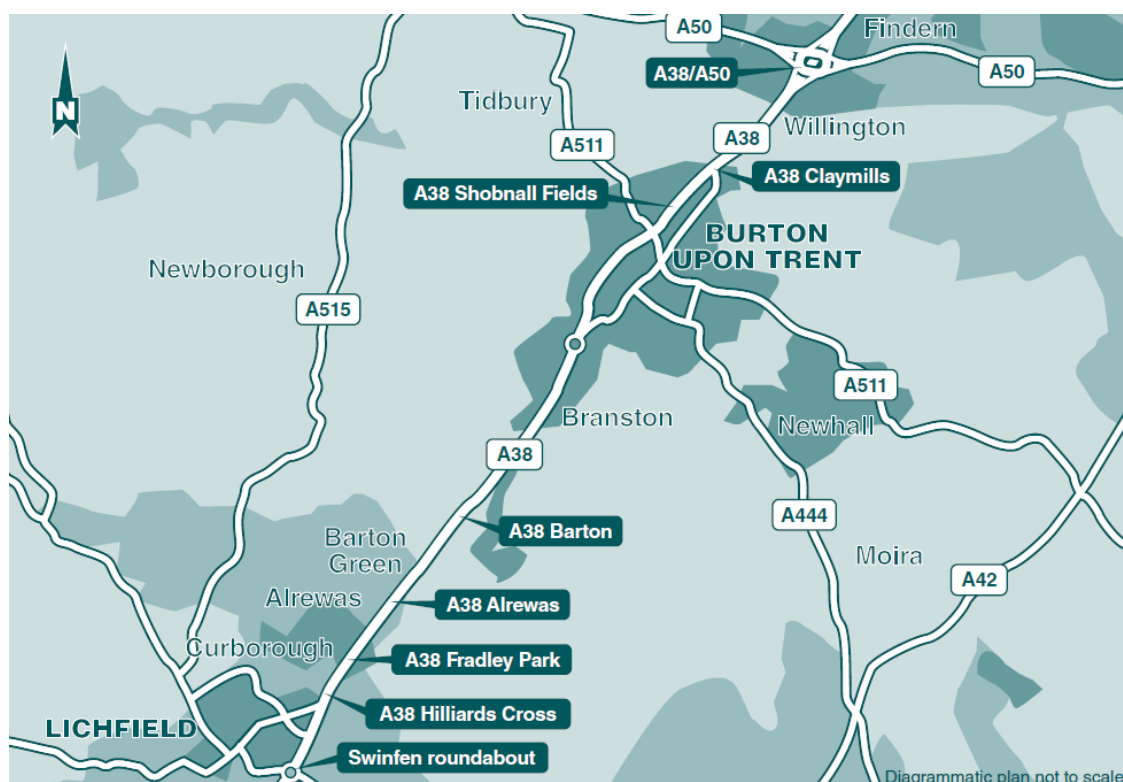

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

We will be closing the B5016 above Barton Turns for the full weekend from Friday 8pm until Monday at 6am. While the bridge is closed you will be diverted on the A38 to the next junction and back to continue your journey. After this closure we will then open the bridge to 2 way traffic with the 30mph speed limit in place. The following week we have 3 nights of work planned to finish off the drainage upgrades on the A38 southbound between Claymills and Branston.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016/Station Road) 3-way traffic lights in operation to allow us to work on our repairs to the bridge.
- A38 northbound exit slip road to A50 reduced to one lane.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. For up to date details of closures on our network please check the [Roadworks finder](#). We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk)
