

A38 Package of work scheme

e-bulletin – w/c 26 October 2020

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

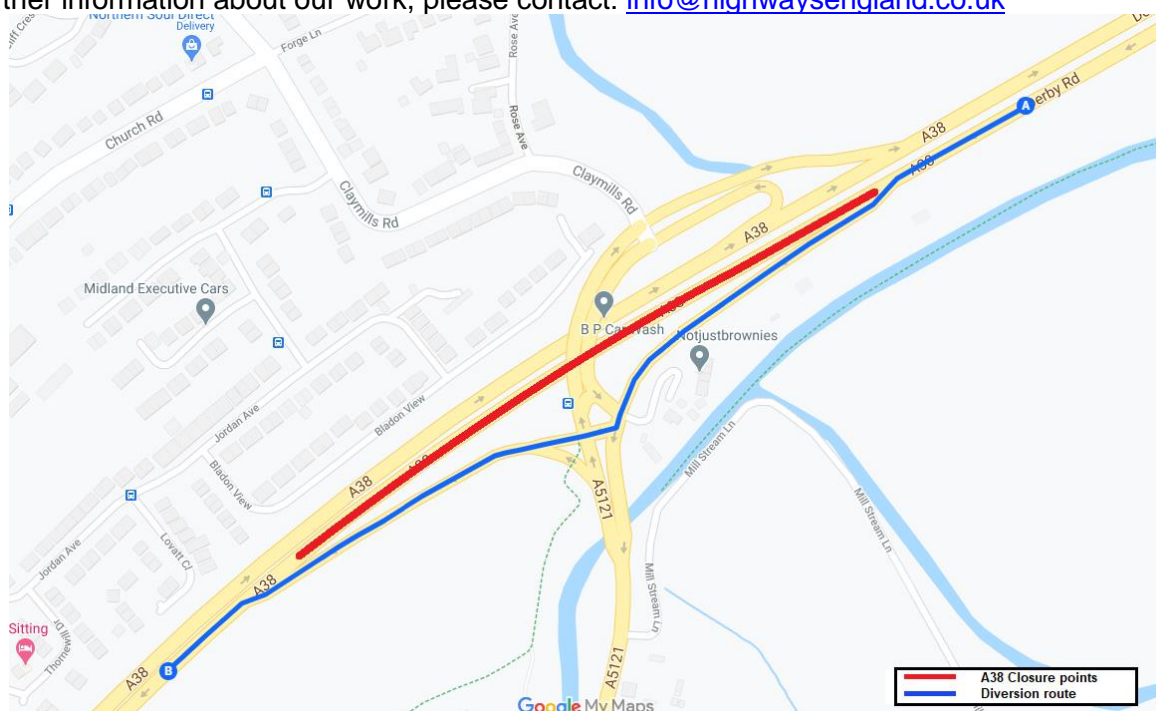

This week we'll be working with South Staffordshire Water to divert a water supply at the exit slip for the A38/A50 Toyota island. We'll also need to close the northbound and southbound exit slip roads at Claymills on Wednesday to allow urgent surface repairs to be carried out.

The following **2 weekends**, starting Friday 6 November 8pm to Monday 9 November 6am, we'll need to close the A38 southbound within the Claymills junction to replace the safety barrier. The diversion route is to come off the A38 southbound on the exit slip road and to use the entry slip to rejoin. Please see the diversion map below.

Restrictions in place 24/7 for the duration of the work:

- Narrow lanes in place on the southbound A38 through Barton Turn and the 50mph speed limits are being enforced via speed camera.
- On the local road above the A38 at Barton Turn (B5016) 30mph speed limit in place.
- A38 northbound exit slip road to A50 reduced to one lane.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@highwaysengland.co.uk
