

Temporary footpath closure - section of Kings Bromley 0.392

Working on
behalf of

HS2

Early works for High Speed Two (HS2), the new high speed railway for Britain, are underway in this area.

HS2's early works contractor, the Laing O'Rourke and J. Murphy & Sons (LM) joint venture, has closed a section of the public right of way Kings Bromley 0.392 to ensure everyone's safety while they are working. The closure will be in place between 7:00am and 6:00pm. Users of this footpath are advised to find an alternate route.

This closure is due to be in place until the end of November 2020 and will be lifted as soon as possible.
