4 November 2020

As there will be a second lockdown from 5 November - 2 December, the Covid-19 Support Group is again offering support to anyone within the Parish who finds that they are unable to obtain items of shopping or prescriptions from local surgeries. Telephone support is also available for any person who would like someone to talk to.

Please contact Allan Howard on the above telephone number or email address or make contact through the KB Coronavirus Support Facebook page.

Also, if you would like to offer to give support as a volunteer in the Parish, getting shopping or prescriptions for people who need assistance, please do get in touch.

If you know of anyone needing support, please ask them to contact the Support Group or get in touch with us yourself.
