

## **Coronavirus Community Testing**

Every week the County Council along with District and Borough Councils reviews the number of cases of Covid-19 and identifies hotspots with the highest numbers of infections in the previous 2 weeks. People in these areas are advised to take extra care to stop the spread of the virus. They are also advised to get a test even if they don't have symptoms.

**All residents who need to be out and about in Staffordshire during the lockdown are also being urged to have regular Covid-19 tests, even if they don't have symptoms.**

You can book a test only if you have no symptoms at [Welcome to the Staffordshire and Stoke-on-Trent Community Test Sites Appointment System \(zipporah.co.uk\)](https://www.zipporah.co.uk) You are allowed to leave home to take a test. If there is no availability, you can book a traditional test at one of the national sites at [www.nhs.uk/coronavirus](https://www.nhs.uk/coronavirus) and choose the option "my council has asked me to book a test".

Anyone with symptoms should only book a national test. Anyone who is self-isolating as a close contact should only book a test if they develop symptoms and this should be through the national system only. Details of hotspot areas and community testing sites for this week are as follows:

### **Hotspot Locations**

**Lichfield – Alrewas & Fradley, Shenstone, Little Aston & Stonall, Chasetown, Summerfield & All Saints**

**Cannock Chase – Heath Hayes East and Wimblebury, Hednesford South, Hagley, Cannock North, Norton Canes, Brereton and Ravenhill, Hawks Green**
