## **Policing the weight restricted turns.**

Residents will be aware that there are still HGV's of over 7.5 tonnes turning right off the A513 or left off the A515 at the junction by the Royal Oak.

In order to help reduce this illegal activity, if the Parish Council is made aware of any infringements, it will contact the Transport Manager of the company/s involved to ask them to stop their drivers undertaking these manoeuvres. Invariably the Transport Managers apologise and say that they will inform their drivers and ask them to stop.

To help with this process, please photograph any infringements you witness and send the photos to [alan.how8@btinternet.com](mailto:alan.how8@btinternet.com) along with the date and time of the infringement.

The Parish Council is unable to track offenders through the vehicle registration number (and the police will not help). If a HGV has no livery then it cannot be identified and no action can then be taken.

The Council would like to thank you in anticipation of your help.

A. Howard. Parish Council Chairman.
