

## A38 Package of work scheme e-bulletin – w/c 2 August 2021

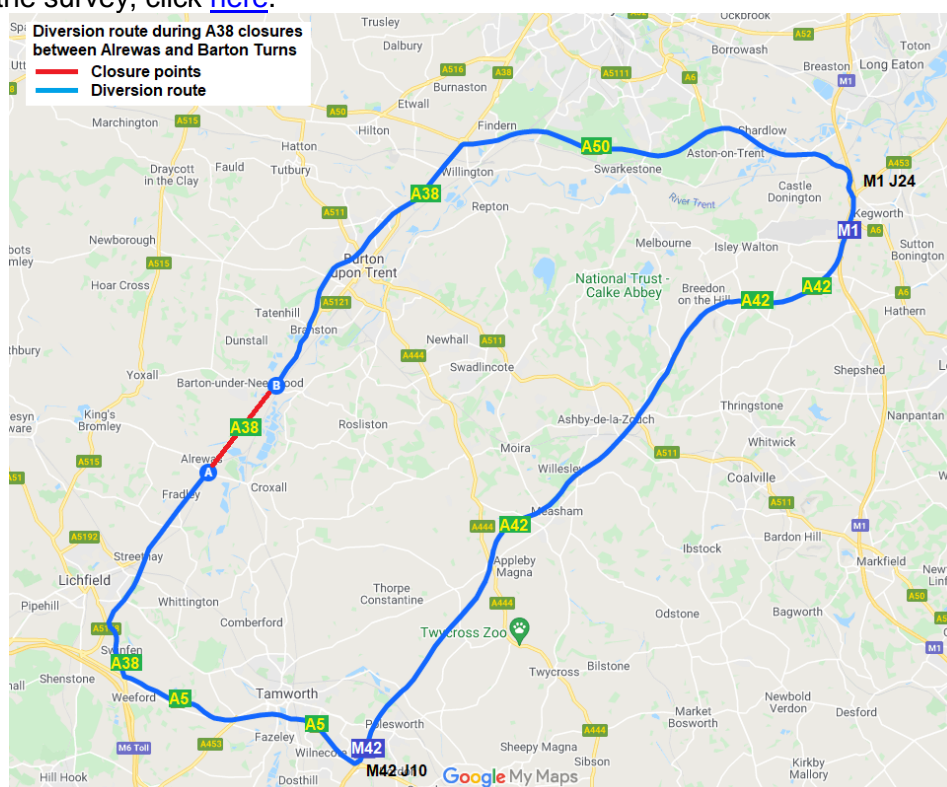

Welcome to this week's traffic management bulletin for the package of work that we're delivering on the A38.

This week we continue our planned work to remove a redundant layby and to install new safety barrier. We're also replacing drain covers and removing potentially hazardous trees. After this week we have no closures planned for this work until our final phase, from 31 August until 15 September.

We're using an alternative diversion route to the one previously used (please see map below). The route is slightly longer but by staying on the Strategic Road Network it is only a few minutes longer than the original diversion. This will help reduce the impact of the diversion on the local road network.

We're sorry for any disruption that our work may cause you; please plan and allow extra time for your journey. We also have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk)

We're always looking to improve the way we work, and we would like to ask you to complete a short questionnaire to give us your feedback. If you could spare just 4 minutes (maximum) and complete the survey, click [here](#).

## Week commencing 2 August 2021 Traffic Management

We issue these bulletins weekly, if you wish to be added to the distribution list  
please email: [noreplyA38WMids@highwaysengland.co.uk](mailto:noreplyA38WMids@highwaysengland.co.uk)
