

# Traffic management Wood End Lane, Fradley

October 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

## The work we are doing

We will be creating a new site entrance to our compound and haul road. This work will include preparation of the road edges and laying of new kerb stones.

Haul roads are temporary roads provided within a working area to allow for the movement of construction materials, constructions machinery and/or construction staff around the site. Haul roads are BBV's preferred logistical transport link, as they reduce the number of vehicles interfering with the existing local road network and provide the greatest possible control over works activity.

## When will undertake these works

Temporary traffic lights will be in place from Monday November 8 until Friday 26 November 2021 excluding weekends.

Our working hours will be:

- **Daytime** 8:00am to 6:00pm for the access road construction, a lane closure with temporary traffic lights will be in place on Wood End Lane.

Our workforce can be on site one hour before and after to set up and take our work equipment.

We do not anticipate any weekend working. Businesses will be open as usual.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
