19 October 2021

Dear Councillor Cole

Work on behalf of HS2 Ltd – short duration lane closures on A513 and A515 in Kings Bromley

As you're aware, we're legally required to raise the height of four pylons and a short section of existing overhead line that the new HS2 railway will pass under. This includes two pylons between Handsacre and Hanch, two between Bromley Hayes and Kings Bromley and the replacement of overhead lines along the route.

We need to introduce short term lane closures on the A513 and A515 in Kings Bromley for reinstatement work. This work, in consultation with landowners, is to return land or access points back to how we found them. We've assessed the most efficient and safe way to carry out this work and to reduce the impact on road users and the local community. The closures are as follows:

- Eastbound carriageway of the A513 Alrewas Road from 8 November until 12 November 2021
- Northbound carriageway of the A515 Lichfield Road from 15 November until 19 November 2021
- Southbound carriageway of the A515 Lichfield Road from 22 November until 26 November 2021

Construction dates are subject to change, but the above closures are programmed to happen. If they do change, we'll let you know.

Temporary traffic lights will be in use between 8am and 6pm so please allow extra time for your journey. We have permission from Staffordshire County Council for the temporary closures.

Please note the closures won't affect access to residential properties or business premises.

Please accept my apologies for any disruption this may cause.

Our core working hours are 8am to 6pm on weekdays (excluding bank holidays) and 8am to 1pm on Saturdays. Except in the case of an emergency, any work required to be undertaken outside of core hours (not including repairs or maintenance) will be agreed with the local authority.

We expect to complete all our works around Winter 2021. However, this is subject to change to fit with the activities of other HS2 contractors.

If you have any queries about our work or our role on HS2, please call our Community Relations team on 0800 073 1047. They're available daily from 7am-7pm. Alternatively, you can email HS2.Info@nationalgrid.com.

If you have a general enquiry regarding HS2, please call the HS2 Freephone Community Helpline which remains operational all day, every day, and is your first point of contact should you need advice or information from HS2. The Helpline is available at HS2enquiries@hs2.org.uk and telephone 08081 434 434. A Freephone Minicom service is operated on 08081 456 472 for those with hearing difficulties. You can also write to them at: HS2 Community Hub, High Speed Two (HS2) Ltd, Two Snowhill, Snow Hill Queensway, Birmingham, B4 6GA.

Yours sincerely

Sabina Morgan-Bates
