

# Closure of the southbound M42 motorway junction 10 to 9

January 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

We recently completed extensive works on the M42 motorway between junction 9 (Dunton Interchange) and junction 10 (Tamworth Interchange) to prepare for a bridge to be moved into place over the motorway later this year. Following the works on the northbound carriageway, we will be undertaking additional works to the southbound carriageway.

The M42 is part of National Highways' Strategic Road Network (SRN) and safety is the top priority, so we have also introduced a temporary 40mph speed restriction at this location.

## When we will close the southbound M42 Motorway

We are working closely with National Highways (formerly Highways England) to plan and complete these works safely and efficiently. We will close the southbound carriageway of the M42 motorway between junction 10 (Tamworth Interchange) and junction 9 (Dunton Interchange) from:

**8pm on Friday 28 January to 6am on Monday 31 January 2022.**

A clearly signed diversion route will be in place over this period with advance signage in place to help remind motorists of the closure.

## Duration of works

There will be a temporary closure of M42 southbound, between junctions 10 and 9.

We will close this section of the M42 motorway from 8pm on Friday 28 January to 6am on Monday 31 January 2022.

## What to expect

Clear signage will be in place to direct road users through the diversion route (see map on page 2).

There will be some increased noise levels from these works and additional lighting in our working area.

Inform you in advance of any changes to the dates shown.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
