

# A38 Lichfield to Toyota Island weekly e-bulletin w/c 27 February 2023

Welcome to this week's traffic management bulletin for the package of work that National Highways is delivering on the A38 between Lichfield and Toyota Island in Derby.

From Monday 27 February to Friday 3 March, 8pm to 6am, there will be full nightly closures of the A38 northbound between Hilliards Cross and Alrewas. These closures are to enable us to install the speed monitoring cameras that will be in operation to ensure the safety of our workforce and road users during the upcoming A38 Fradley to Barton combined maintenance scheme.

From Monday 6 March to Friday 10 March, 8pm to 6am, there will be full nightly closures of the A38 southbound between the Branston junction and Hilliards Cross as we begin work on our A38 Fradley to Barton combined maintenance work. During these closures, we'll carry out safety barrier replacement, street lighting, drainage and other maintenance works. Please see the below diversion for these closures.

## A38 Fradley to Barton combined maintenance work strategic diversion

**Northbound traffic** – traffic to take A38 from Swinfen Interchange and join the A5 eastbound from Weeford Interchange. Continue on the A5 to M42 roundabout. At the roundabout, join the M42 at junction 10 heading north. Remain on M42/A42 as it merges with the M1 junction 23a. Traffic to exit M1 at junction 24 and head towards the A50 westbound. Remain on A50 to A38 Toyota Island.

**Southbound traffic** – traffic to take A50 eastbound from Toyota Island and continue to M1 junction 24a. Head south on M1 to junction 23a and merge on to M42/A42. Remain on M42/A42 until reaching M42 junction 10 and take the exit. At the roundabout, join A5 westbound to Weeford Interchange and then continue north on A38 to Swinfen Interchange.

We have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: [info@nationalhighways.co.uk](mailto:info@nationalhighways.co.uk)

We're always looking to improve the way we work, and we would like to ask you to complete a short questionnaire to give us your feedback. If you could spare just 4 minutes (maximum) and complete the survey, click [here](#) or scan the QR code.
