

Yoxall Health Centre: newsletter for April/May

The latest newsletter from Yoxall Health Centre is now available, with copies being left at the Village Hall, All Saints Church and The Royal Oak:

Our pharmacist Fran has left the practice after many years. Her replacement is Mr Ali who will need a little time to settle in, as he gets to know us all.

The practice has now also welcomed Dr Khalid Hassan who will join the doctors' team, which brings us virtually up to full strength. We are now awaiting the final acceptance of someone to make up the nursing team.

The practice continues to offer face-to-face appointments as part of our efforts to improve the "GP experience".
