The work we will be undertaking

We will begin piling works on land near to the A38 northbound. These works will enable us to begin the construction of the new HS2 line to pass underneath the A38. Piling involves driving deep, strong columns into the ground to provide a solid base for our future structures.

Phase One

From the 29 February until 4 April 2024, our working hours will be from 8am until 10pm. Our work will be carried out Monday to Friday.

This will include an additional two-hour shut down period, each night.

Phase Two

From the 18 March until 15 May 2024, we will have a second team on site. Working hours for this section of work will be 8am until 6pm Monday to Friday.

Should we need to carry out any maintenance work this will be done on the weekends. From 1pm until 6pm on Saturday and 10am until 5pm on Sunday

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
