

A38 Lichfield to Toyota Island weekly e-bulletin

w/c 21 October 2024

Welcome to this week's traffic management bulletin for the package of work that National Highways is delivering on the A38 between Lichfield and Toyota Island in Derby.

A38/A50 Toyota Island essential maintenance

Until the end of November, we'll be carrying out maintenance work at the A38/A50 Toyota Island. This work is to the repaint sections of the bridge, which runs over the A38 on the A50 Toyota Island, and is essential to protect and prevent rusting to the existing structure. This work will be completed under a combination of 24/7 lane closures and overnight full carriageway closures as follows:

24/7 lane closures

- **9 September to 29 November** - A38 southbound lane 2 closed, 24/7.

Overnight full carriageway closures

- **9 September to 29 November, between 8pm and 5am** - weekday overnight closures of the A38 southbound, between the exit and entry slip at Toyota Island. During this time there will also be a lane 2 closure of the northbound carriageway here.
- **24/7 closure, from 8pm on Friday 1 November to 5am on Sunday 3 November** – full closure of the A38 southbound, between the exit and entry slip at Toyota Island. During this time there will also be a lane 2 closure of the northbound carriageway here.

During closures, a small diversion will be installed over Toyota Island using the exit and entry slips. For the duration of the works, 50mph restrictions will be in place.

A38 Toyota Island to Little Eaton LED lighting work

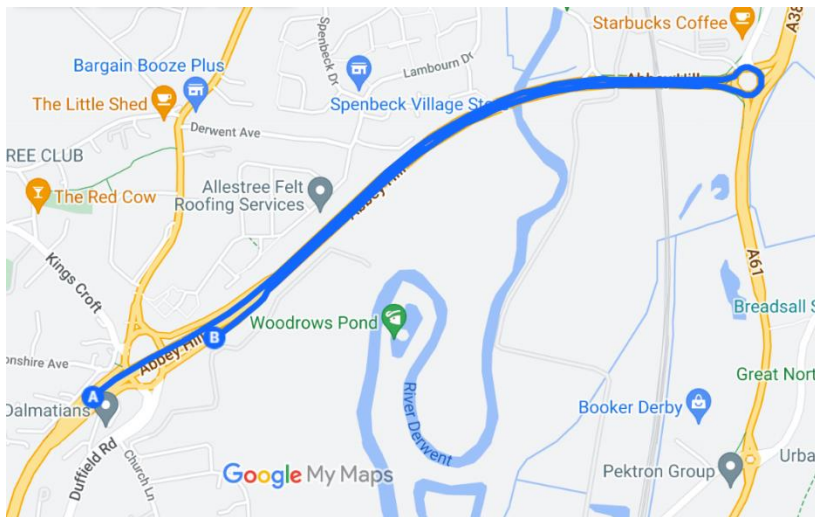

From 30 September until the end of November, we'll be upgrading the current lighting to LED's on the A38 between Toyota Island and Little Eaton. The new LED lighting will be more energy efficient and require less maintenance in the future.

We'll complete our work overnight on weeknights, **between 8pm and 6am**, predominantly using lane closures, but we'll also have some full overnight carriageway and slip road closures along this stretch as follows:

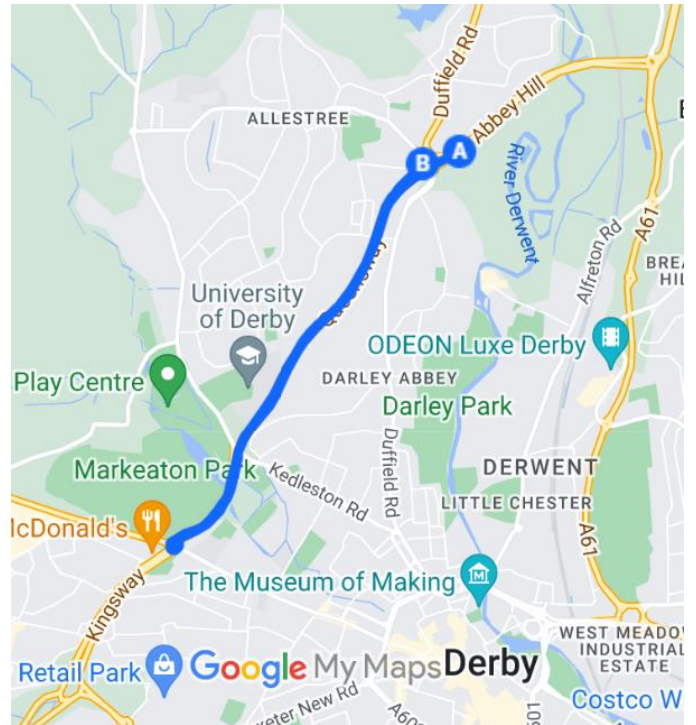

- **1 November** - Palm CT Island northbound exit slip road
- **4 November** - Palm CT Island southbound exit slip road
- **8 November** - Horsely junction to Little Eaton Island southbound closure
- **20 November** - Findern interchange northbound exit slip road
- **21 November** - Findern interchange northbound and southbound entry slip roads
- **25 November** - A516 (Mickleover junction) merge to A38 northbound

We'll provide diversion details for these closures below, the week before their start dates.

Palm CT Island northbound exit slip road

Palm CT Island southbound exit slip road

We have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@nationalhighways.co.uk

We're always looking to improve the way we communicate, and we would like to ask you to complete a short questionnaire to give us your feedback on this. If you could spare just 4 minutes (maximum) and complete the survey, click [here](#) or scan the QR code.
