

A38 Lichfield to Toyota Island weekly e-bulletin w/c 18 November 2024

Welcome to this week's traffic management bulletin for the package of work that National Highways is delivering on the A38 between Lichfield and Toyota Island in Derby.

A38 Toyota Island to Little Eaton LED lighting work

Until the end of November, we'll be upgrading the current lighting to LED's on the A38 between Toyota Island and Little Eaton. The new LED lighting will be more energy efficient and require less maintenance in the future.

We'll complete our work overnight on weeknights, **between 8pm and 6am**, predominantly using lane closures, but we'll also have some full overnight carriageway and slip road closures along this stretch as follows:

- **20 November** - Findern Interchange northbound entry slip road
- **21 November** - Findern Interchange southbound exit slip road
- **25 November** - A516 Mickleover junction closure in both directions

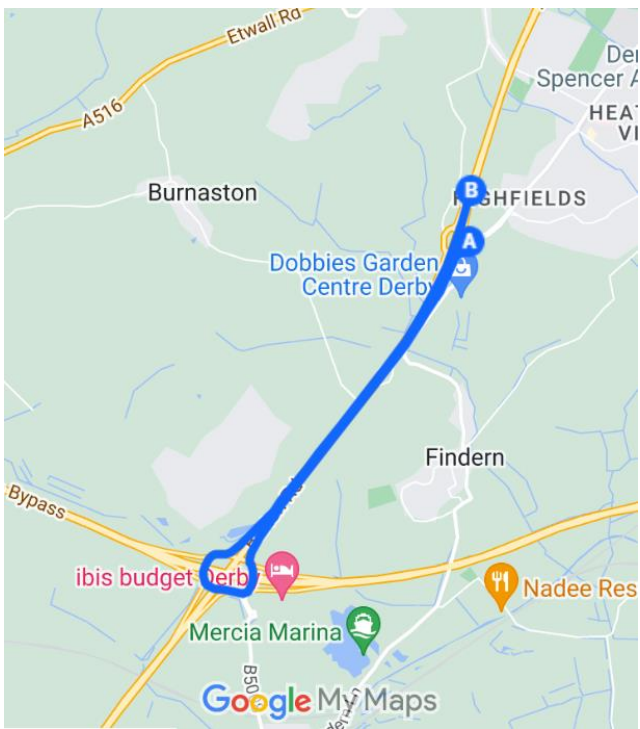

Please see the diversion routes for these closures below.

We have a twitter feed you can follow [here](#) for roadworks notifications. For further information about our work, please contact: info@nationalhighways.co.uk

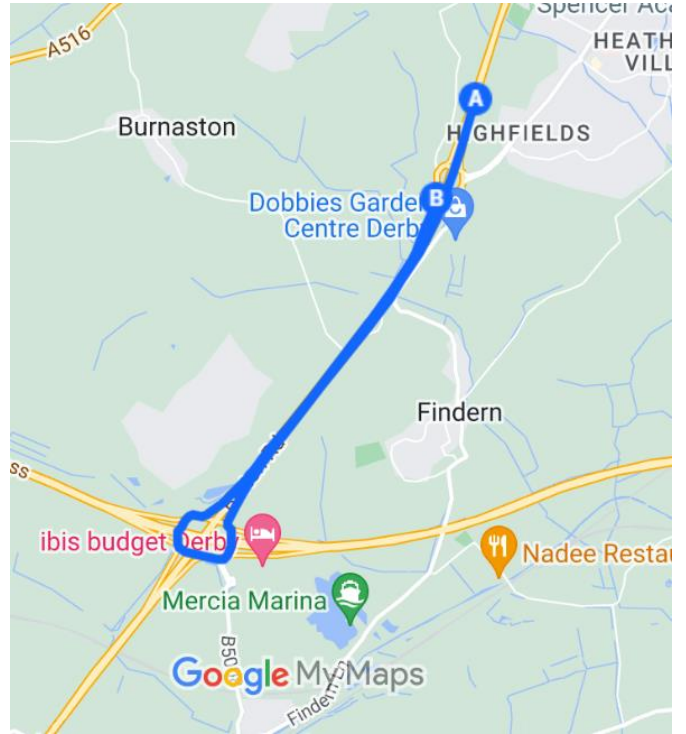

We're always looking to improve the way we communicate, and we would like to ask you to complete a short questionnaire to give us your feedback on this. If you could spare just 4 minutes (maximum) and complete the survey, click [here](#) or scan the QR code.

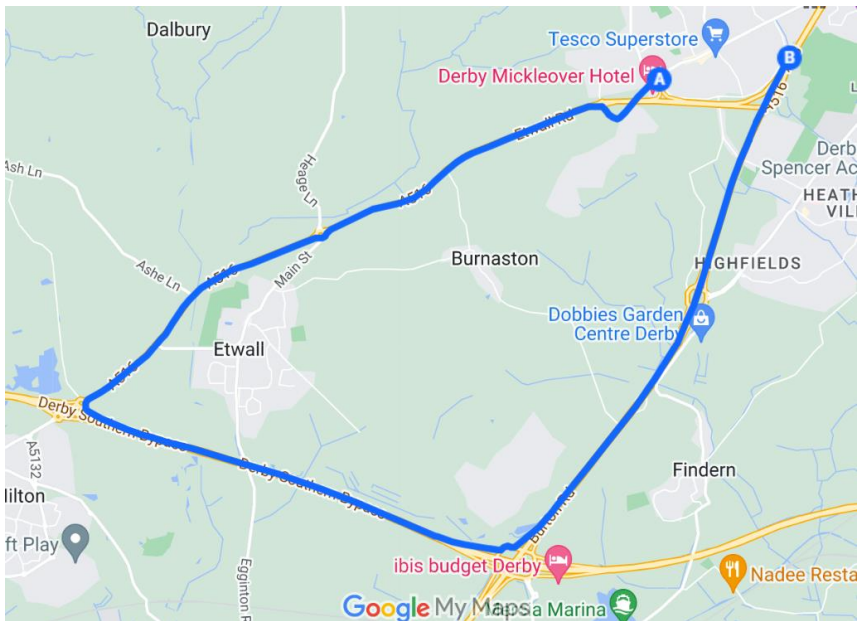

Findern Interchange northbound entry slip road

Findern Interchange southbound exit slip road

A516 Mickleover junction closure in both directions
